

Your neighbourhood update

Published Date:
February 2025

Development name:

Maes Y Rhedyn

Planning consent no.:

Ref: P/2017/1054

No. of homes:

181

Public open spaces

All public open spaces, other than the swale area to the bottom corner of the site, are now open and handed over to the management company. The swale area to the bottom corner is formed and seeded, however these areas are the responsibility of Bellway to bring to the required standard and hand over to the management company.

Play areas

Bellway Homes are responsible for creating access to the play equipment and getting this area open to the public.

Streetlights

All street lights are now installed and commissioned.

Street names

Any remaining street name plates will be installed prior to final surfacing of all roads and footpaths.

Bins / dog waste bins

Bellway Homes are responsible for the installation of all bins. It is our understanding that these are now installed to the play areas open to the public.

Final surfacing - block paving private and shared drives

All drives are now final surfaced.

Trees, landscaping and street scene

All plot landscaping is now completed.

Final surfacing - roads and footpaths

Works have now started on the development footpaths, the works are due to last into the Summer of 2025.

Once the footway works are completed we will then start with the carriageway works.

Local authority roads / footpath adoption

Wrexham Borough Council are the adopting Highway Authority and will be responsible for formally adopting and maintaining the roads and footways in the future. Formal adoption can only take place once the final surfacing for the entire development has been completed and a subsequent 12 month maintenance period allowed. Works to the roads and sewers are ongoing and will continue for approximately the next 12 months.

Waste water / pump station adoption

Works to the adopted sewer system has begun and is due to last through to the Summer. There will be some properties that will require some drainage repairs, you will be contacted in due course if any remedials are needed to your home.

Bus routes

There are no bus routes affecting the development.

Future phases

The development has been constructed in one phase and is now build complete with the exception of drainage works and final surfacing.

Sub stations / generators

There is an existing substation off Gardener Court that is commissioned and live, serving as a point of electric connection for the development.

Public right of way

There are no existing Public Rights of Way affecting the development.

Landscape adoption

The adoption of the open spaces on this development will coincide with the build completion of the development.

Bollards and bollard lighting

All bollard lighting is now completed.
